

JANUARY TOLL ON HIGHWAYS 3 DEAD; 18 HURT

January, 1955, started off the new year by exceeding the accident record of January, 1954, but, despite that, during the last month the motorist cruising along Adams County's highways in January was in a safer position than he was during the preceding month, December.

That number compares to the 31 accidents to which state police from Gettysburg were called in December, in which one person was killed and 27 injured while property damage was \$20,712.

844 Traffic Arrests
In January, 1954, there were 24 accidents, no one was killed and 15 were injured, while property damage totaled \$15,706.

Report Chiang Considering U.S. Request To Give Up Tachen Isles

By FRED HAMPSON
TAIPEH, Formosa (AP)—Nationalist China's President Chiang Kai-shek was reported today to be considering a U.S. request that he evacuate his troops from the Red-threatened Tachen Islands, 200 miles north of Formosa.

The request is believed to have been transmitted to Chiang by U.S. ambassador Karl L. Rankin in a 75-minute conference Wednesday. The U.S. reportedly took the stand that the mighty U.S. 7th Fleet, which is to help in the evacuation, could not be held in a state of readiness indefinitely.

There was no confirmation here of rumors that Chiang would reply to the U.S. request today. Increasing talk was heard at middle Nationalist levels of fighting for the Tachens instead of abandoning them. No Red attack appears imminent at the moment.

SHEELY LAUDS FIRE COMPANIES FOR SERVICE

Judge W. C. Sheely told the Adams County Fire Chiefs Association at its annual ladies night banquet at McSherrystown Thursday night: "The fire companies are building a monument to themselves in the manner in which they meet the needs of the community; they are building up a tradition for the youth of tomorrow, a tradition of service, of filling every need as it arises in the community."

The local jurist spoke prior to the installing the new officers of the organization. "Fire companies have a real meaning and a real place in the community," he said.

"In the fire companies there are no real divisions: There is no question of a man's politics, or religion or from what country his ancestors may have come; there is only one question: How does he do his job as a fireman?"

"And that is typical of America. When we have a job to do in this nation we can forget our differences, pitch in and do the job. During World War II we, as a nation, were united as never before. But after the war there were those people who emphasized the differences between us, who sought to divide us. And this can only weaken us."

Seek Same Ideals
"There are basically no great differences between us. We all seek the same ideals, a good life, a place and a future for our children, a place for our churches and our organizations. These basic needs should be kept in sight rather than the differences."

"Fire companies have been foremost in this, for they have met the needs of their communities as they have arisen, without favor or party (Continued On Page 3)

Police reported that the charge grew out of an accident last November 7, at 3:30 a.m. Starry was reported to have been driving north through York Springs, when he sideswiped another car, veered across the road, crashed into the F. E. Coulson garage, turned over and came to rest on an adjoining lawn.

Property damage was estimated at \$5,150. Starry sustained a fractured left leg and lacerations of the eye, and was taken to the Warner Hospital. He was not formally arrested until he had recovered sufficiently from his injuries to appear at a preliminary hearing.

A regular meeting of borough council will be held Monday evening at 7:30 o'clock in the council chamber at the engine house.

COMMISSIONERS TO BUILD NEW HOBO SHELTER

The homeless hobo will find a new structure awaiting him in Adams County next summer.

At a meeting of the county commissioners, sitting at the institution district board Thursday at the county home, they decided to erect a small one-room concrete block "hobo house" to replace the present three-room frame building that was provided overnight accommodations for the knights of the road for many years.

Transients had used the siding of the structure for firewood. Now the siding is off more than half of the structure.

To Build New Shelter

County officials claim that the building—open to the breeze on three sides, doorless and windowless, is unfit for hobo habitation but there are still a number of wanderers seeking lodging and so the county is going to build them a new overnight shelter. The site has not been decided.

Two things dictate building a new "hobo house," the commissioners feel. One is Christian charity—the men should have someplace to sleep. The other is a belief that a concrete block structure far removed from the county home will be good insurance. The commissioners haven't been able to prove it so far, but they have a feeling that some of the hobos that drop in for supper at the county home and then appear fresh and eager for breakfast before starting on their way may have found lodging in the barn at the county home. One careless tramp with a cigarette kept out of the barn will make the investment in a new hobo habitation well worth while, the commissioners decided.

Work on the new structure will begin as soon as weather and the obtaining of necessary permits allows.

Some Problems To Solve

County Home Steward Herbert Taylor reported that the most recent hobo to be at the county home said he slept overnight in the practically demolished shelter, but added that with the temperature what it has been the last few nights he doubts the truthfulness of the claim.

According to the commissioners' plans, the windows in the new one-room concrete block structure will be "small and high up in the wall, above where they can get at them." Some knights of the road, appear (Continued On Page 2)

State May Copy County Heart Plan

The plan of the Adams County Heart Association to hold a public meeting each year for the purpose of acquainting the public with facts about heart and blood vessel diseases is new in the state and may provide a pattern for many other counties in Pennsylvania, officers of the Pennsylvania Heart Association have said.

The first in the series of public meetings here on "You and Your Heart" will be held Sunday evening at 8:15 o'clock at the Moose home on York St. with Dr. William Jeffers, chief of the hypertension clinic at the University of Pennsylvania Hospital Medical School, as the speaker. The State Heart Association will be two exhibits here for the evening.

A half hour concert of piano music will be presented before the Sunday evening program by Mrs. Clarence Bartholomew, Windbriar Lane.

Million Dollar Fire Levels Most Of City Block, Makes Between 200-300 Homeless

SHENANDOAH, Pa. (AP)—An early morning fire today leveled all but two buildings of an entire square block in the heart of the business district in this Schuylkill County community.

The flames destroyed 11 business places and left between 200 and 300 persons homeless. Unofficial estimates placed damages at more than one million dollars.

The fire leveled all the stores on the 100 block of S. Main street and gutted the square block bordering on W. Cherry, S. Ferguson and W. Oak streets.

The blaze spread to the St. George's Lithuanian Church, one of the largest in the anthracite region, but was held under control before much damage could be done to the large stone structure.

Near Site Of Old Blaze
Only buildings standing in the block were the Columbia Brewing Co. and Rudberg's Store at the corner of S. Main and W. Oak streets.

The fire, which started at 2:45 a. m., was only a block from the site of Shenandoah's worst fire in 1883 when seven blocks and 300 buildings and homes were destroyed, making more than 900 homeless.

Firemen from all nearby communities battled the flames throughout the night in sub-freezing weather. At daybreak the block was a mass of smoking ruins. Most of the buildings were two (Continued On Page 2)

U.S. Will Appeal Lattimore Decision

WASHINGTON (AP)—The government announced today it will appeal the decision by Federal Judge Luther W. Youngdahl dismissing a new perjury indictment against Owen Lattimore.

The decision to take the issue to the U.S. Court of Appeals was announced by U.S. Dist. Atty. Leo A. Rover.

Lattimore, controversial Far Eastern affairs specialist, was accused in the indictment of lying when he denied to a Senate committee that he had ever been a follower of the Communist line or a promoter of Red interests.

Judge Youngdahl in a decision January 18 described the charges as "formless and obscure." He said that to require Lattimore to stand trial on them would "make a sham" of the Sixth Amendment which requires that a defendant be advised specifically of charges against him.

Rover made the announcement of the intention to appeal before Chief Judge Bolitha J. Laws of U.S. District Court.

ANNUAL DINNER OF JOINT SCHOOL DISTRICT HELD

Nearly 150 persons attended the annual dinner meeting of the Gettysburg Joint School District held Thursday evening at the high school cafeteria.

There were songs by the Gettysburg Lions Club quartet and the guest speaker was the Rev. Charles Davis, pastor of the Second Presbyterian Church of Carlisle.

The Rev. Mr. Davis, reporting on a year he and his family spent recently in Scotland, said the nationalization of medicine and many other services and products in England "looks good on paper but doesn't work out nearly as well."

Exchange Of Pulpits

He spoke particularly of the shortage of nationalized coal that kept houses almost as cold as the outdoors, the delays in operation of the government medical program and shortages of many kinds of rationed foods. The generosity and hospitality of the Scottish people impressed him as he served a Scotch Presbyterian parish while its pastor served his Carlisle charge.

He was a native of Adams County and a son of the late Abram and Hosie (Eyster) Hershey.

Funeral Not Arranged
He was a member of Flohr's Lutheran Church and of the Cashtown Fire Company.

Surviving are his wife, Mrs. Edna Cover Hershey, New Oxford; and these children, Donald H. Cash-town; Kermit, Westminster, Md., and Mrs. John Sadtler, Falls Church, Va. There are five grandchildren.

Two sisters and a brother also survive. They are Mrs. Hermie Zoller, Gettysburg; Samuel, of Greensburg, and Mrs. Charles Mumma, La Verne, Calif.

TWO WILL GIVE TRIAL SERMONS

Trial sermons will be preached Sunday at Red Run Union Church by candidates for the Reformed and Lutheran pastorates left vacant by resignations.

Red Run Reformed congregation is part of East Berlin Reformed charge, which has been without the services of a pastor since the resignation, on Oct. 15, 1953, of Rev. Alton M. Leister. The Lutheran congregation is affiliated with Dover Lutheran charge, whose pastor, Rev. J. H. Hege, resigned Dec. 31, 1953. Rev. Hege, however, has been serving as supply pastor.

Robert H. Rezash, Green Bay, Wis., a senior student at the Reformed Seminary, Lancaster, will preach his trial sermon at 9 a.m. to the Reformed congregation. The Lutherans will hear Rev. Charles Snyder, of Herndon, Pa., at 2 p.m. Rezash has conducted services in the churches of the East Berlin Reformed charge during the past year. He will be graduated in June from the seminary.

In addition to the Red Run Church, he also will preach trial sermons on Sunday at 10:15 a.m. at Emmanuel Church and at 7:30 p.m. at Mt. Olivet Church. On Feb. 13, his schedule calls for sermons at 9:15 a.m. at St. John's Church and at 11 a.m. at Zwingli. Rev. Snyder also will preach this Sunday at 10 a.m. at Salem Church, near Dover. Congregations of both charges will vote following each service.

ently liking much ventilation, solved the problem simply by knocking the windows out of the structure.

Heating is another problem. If it can be worked out the heat will probably be furnished by some special electrical contrivance that can be put in a ceiling or otherwise hidden away so that some knight of the road won't solve the problem of overheating by simply "busting" the heater.

A coal stove provided such heat as was to be found in the old wooden structure. That worried the commissioners, too, because the hobos often dumped the ashes on the floor. The ashes burned holes in the floor, but the fires thus started fortunately never spread farther.

Another change will be the placing of a steel door on the new concrete building when it is completed. The present dilapidated structure had a wooden door.

The new concrete building will "permit us to clean it up for decent fellows down on their luck after the drinks mess it up," the commissioners said.

scene, 5½ miles from Emmitsburg. Twenty-four firemen in two fire trucks made up the contingent. They found upon their arrival that the roof had collapsed as had two of the four walls of the large building. Shortly after firemen arrived, the remaining walls collapsed and all that remained was a chimney and the blazing heap of timbers and logs. Firemen said the remains were still smoldering late this morning.

A frame garage stood less than 25 feet from the house, about 100 feet from the house was a small barn and beyond that the large barn in which a number of cattle were quartered.

Only the fact that "what breeze there was, was blowing the fire directly away from it" saved the garage and possibly other structures, the firemen said.

Persons residing in the vicinity of the structure apparently were not awakened until the firemen arrived. Firemen said that when they passed the former Liberty School House, now converted to a dwelling, "it was dark there but later lights came on." The former school house was described as among the homes nearest the untenanted house.

Two Emmitsburg firemen, Charles Hardigan and Brooke Damuth, both of whom were discharged from the Army within the last six weeks, volunteered to remain on duty when the remainder of the firemen left the scene at 3:30 o'clock this morning. Emmitsburg Fire Chief John J. Hollinger praised the two young men for remaining at the scene to prevent any spread of the fire despite the intense cold.

Sanitary Engineer Addresses Sportsmen

Methods used by the State Sanitary Water Board to reduce stream pollution were outlined by Harry DeWine, district engineer, Thursday night at a meeting of the Adams County Federation of Sportsmen's clubs in the New Oxford Rod and Gun Club lodge.

He said the board was formed under several laws enacted between 1937 and 1945 to encourage a "clean stream" program and investigations of pollution were launched in 1937. Many sewer plants were erected a number of years ago by communities for their own benefits, he pointed out, but now all communities and industries come under state investigation.

A major pollution of the Plum and Conewago streams in June, 1949, which was traced to the Hanover sewer disposal plant and later to a Hanover canning industry was discussed in detail.

Miss Mary J. Shuff Teacher, Has Retired

Miss Mary J. Shuff, long-time teacher of English at Frederick High School, retired from the Frederick County school system this week and was succeeded by Mrs. Isabella E. Welsh.

Miss Shuff, a graduate of Emmitsburg High School, and daughter of M. F. Shuff Sr., Emmitsburg banker, graduated from the old Maryland State Normal School and received her A.B. degree at Hood College. She later earned her Master's degree at Columbia University, specializing in curriculum, especially English.

For several years she taught at the old Girls' High School in Frederick. She had been in the English department at Frederick High School since 1925.

tianship. We had recent evidence of that at Fairfield, about a year ago, when the firemen spearheaded a drive that enlisted the whole community in putting a family back on its feet after a disastrous fire. The same pattern was repeated at Iristown near Christmas. And again a few days ago at McSherrystown. The firemen put those families back on their feet because there was a need to do. But even more important, when you reestablish a family, you reestablish the children, who will comprise the world of tomorrow.

"And in filling the need of the family you establish in the minds of youth a tradition of service to the community and Christian charity. It is an object lesson that is never forgotten."

The officers installed by Judge Sheely included: John L. Sneeringer, Iristown fire chief, president; Louis Smith, McSherrystown, vice president, and G. Henry Roth, Gettysburg, secretary-treasurer.

Retiring President Eugene Murren, McSherrystown, chief, told the group that donations to the family recently burned out in McSherrystown had "far overfilled the needs of the family" and that as a result McSherrystown now has six beds, springs, mattresses and other furnishings "which will be kept at the engine house here until there is a need for them."

Bernard Selby, Littlestown, president of the Adams County Firemen's Association, was the toastmaster. The fire chiefs and assistants and their wives were introduced, as was Irvin Houck, Hanover, as honorary fire chief of the association. A letter of regret at inability to be present was read from William G. Weaver, head of Civil Defense for the county who expressed his appreciation "for the outstanding manner in which all of you have cooperated with Civil Defense."

Approximately 100 attended the dinner. Entertainment was provided by Richard and James Varhola, York Springs, aged 11 and 7 respectively, who presented piano numbers and songs. The committee in charge included John Murren, Bernard V. Miller and Glenn Ohler.

The stores destroyed included: Shenandoah Music Store, Rudnick Men's Store, Uberg Furniture Store, Brodzofsky Cafe, Keystone Home Furnishing Co., Aranoff Dry Goods, Troyanoske Electric Store, Sakowski's Service Station and Stanley's Cafe. All were located on S. Main street, Shenandoah's principal business street.

Paul's Grocery store and Engle's Barber Shop on W. Cherry street, also were destroyed.

Most of the homes that were consumed by the flames were located on W. Cherry and Ferguson streets. A number of large apartment homes were included in the devastated block.

Several firemen were overcome by smoke while others were treated for frost bite as they tried the contain the fire within the one block. Cause of the fire was not determined immediately although it was believed to have started in the middle of the Main street block.

Diagrams Fail To Avert Traffic Fine

An Emmitsburg area youth failed to convince Magistrate Wilbur F. Sheffield in Peoples Court, Frederick, Thursday morning that he obeyed the boulevard stop sign law and was fined \$5 and costs. The defendant, Ronald Sappington, Emmitsburg R. 2, went to court equipped with a diagram of the intersection of Maryland 75 and U. S. 40. He maintained he stopped but not at the stop sign.

State Trooper Paul Kline said he was near the intersection on January 25 and saw the delivery truck operated by Sappington go south on Maryland 75 over the dual highway without stopping. The trooper said the intersection has been the scene of a number of serious accidents.

Sappington told the magistrate he was on driving probation and would probably lose his license if convicted.

Today's Talk

ART OF LIVING
That person is to be admired, and even imitated, who neglects to devote all his time to the mere thing of making money and money. He thinks it is an investment just to loaf a little and have fun! Social demands and obligations he considers secondary.

There is an art to living as there is an art to doing anything beautifully and well, but this art reaches out and touches all arts that it may universalize itself. What is more admirable than a balanced character? Always at home, no matter where.

Bound up with the art of living is the art of being yourself, without outside interference, and with an interest in all of God's universe. To live triumphantly you have to take a great deal of time off, that you may not lose track of yourself! Living gloriously is so much concerned with touching the lives of others, and learning from them. Who ever grew up or matured by living unto himself alone?

Happiness is bound up with interests and in trying to please others. Making an art out of living is radiating one's own happiness—stretching it out, reaching for places to put it! We are never our best selves until we start giving ourselves away.

We are God's creatures and we owe it to Him to take care of this physical being, giving it exercise, relaxation and the opportunity for growth and happiness. We could well envy some of the idler's knowledge, he who stops to think and meditate. There is enrichment in mere stillness. I got this line from somewhere: "Study to be still."
It was Pope who said: "The proper study of mankind is man." People devote all their years to the study of many an art forgetting that the art of living is the first of all arts! And far the most important, the most revealing, and the happiest.

Tomorrow Mr. Adams will talk on the subject: "It Pays To Pray" Protected, 1955, George Matthew Adams Service

Here from A to Z are found
The words of wisdom most profound,
And here for every sum that's sought
Await the figures, one to naught,
With punctuation marks required
For script that's labored or inspired.

Upon the roll the paper white
Receives whatever writers write,
The keys, obeying as they ought,
Supply the print but not the thought

They wait, as will not time or tide,
For sense the users must provide.

I know when on the board I gaze
That it is rich with splendid phrase;
That every book and poem rare
That are to be, are hidden there
And will be read and talked about
When some wise thinkers sort them out.

CHURCH COUNCIL CALLS RACE BIAS SIN AGAINST GOD

NEW YORK (AP)—The National Council of Churches says that anyone who condones or practices racial prejudice of any kind "sins against God."

In one of the strongest church denunciations yet of color-line discrimination, the council of 30 Protestant and Orthodox denominations declared yesterday:

"Racial prejudice in any and all forms is contrary to the will and design of God. It is not merely bad, unfortunate, unrighteous—it is sin."

The message, approved by the council's 125-member General Board and addressed to the 35½ million Christians belonging to its member bodies, said that "all life is one" by God's act of creation.

"One Human Family"
"As a child of God, a man is a member of one family, the human family," the message said.

"Any and all attitudes, moods, concepts, feelings, customs, practices, laws, personal and collective acts, that arbitrarily separate men are against the human family," it said.

"If they are against the family, they are opposed to the will of the father. If they are against God, then, whatever may be the basis for them—ignorance, fear, prejudice, or aught else—they are sin."

Race Relations Sunday
The message was drawn up for use in connection with the churches' 33rd annual observance of Race Relations Sunday Feb. 13. It was adopted last fall, but its text was not released until yesterday. It will be read from pulpits in many of the 147,000 churches embraced by the council.

It urged opening the church's membership, services, organizations and facilities to all men, regardless of race, and conducting of study groups to deepen understanding.

Trinidad Agog Over Hairdo Of British Princess

PORT OF SPAIN, Trinidad (AP)—Trinidad society buzzed today over Princess Margaret's new evening hairdo—an "Empress Josephine" upswEEP that's just the thing to support a tiara.

Margaret wore the coiffure last night at a state banquet Gov. Sir Hubert Rance gave in her honor.

A royal party spokesman said the hairdo was the creation of Rene, noted London hairdresser who is accompanying the princess on her month's good will tour of the British West Indies.

Rene, the spokesman said, wanted to match Margaret's "gay" personality. He raised the back of the hair to "give a touch of sophistication" and to support the diamond tiara she wore.

Margaret planned to see a good deal more of Trinidad today. The schedule included opening a new highway to be named after her and attending a children's rally.

WASHINGTON (AP)—Two House members from Pennsylvania joined with 11 others yesterday in introducing legislation to encourage private industry to help in solving air and water pollution.

SEES GREATER POLITICAL ROLE FOR U.S. LABOR

By NORMAN WALKER

MIAMI BEACH, Fla. (AP)—AFL President George Meany said organized labor plans to play an increasingly active role within the present two-party political system and has no present idea of forming a third party.

Many told reporters at winter meetings of AFL leaders here that workers may consider forming their own party if and when they find themselves unable to achieve progress with the two existing parties.

Success In '54

He indicated belief that by alerting workers to the political issues they will elect candidates to carry out organized labor's aims.

"After all," Meany said yesterday, "we're not politicians and we make no pretense of being politicians. We don't want to run the country or its policy."

"But we are convinced that if we tell the workers what's going on they will vote for what is their own best interests. That's what we are trying to do and we feel we succeeded quite well in the 1954 elections."

Not Wedded To Democrats
Meany conceded the AFL and CIO mainly supported Democratic candidates in 1954 but he said that

STEVENS BEGINS HIS THIRD YEAR AS ARMY CHIEF

WASHINGTON (AP)—Robert T. Stevens starts today on a third year as secretary of the Army, having survived two of the rougher years served by any top government figure in recent times.

When Stevens came to the Pentagon two years ago today, he was hailed by the Army as a man who had worn its uniform in two world wars and by the Eisenhower administration as a successful industrialist who could place the Army's far-flung enterprises on a business-like basis.

But Stevens got personally involved in a bitter quarrel, which is still continuing, with Sen. McCarthy (R-Wis.).

The textile industrialist from New Jersey made a hit with the Army when he moved into his Pentagon office because he promptly took up the crusade for better treatment of all men in uniform.

Another Case Turns Up
Just yesterday the Pentagon made public a letter in which the secretary told McCarthy he would not—as the senator had demanded—give a dishonorable discharge to Pfc. Marvin Belsky, due for discharge today.

Belsky, a draftee, has declined on grounds of possible self-incrimination to answer questions about communism before the subcommittee McCarthy headed in the last Congress. He once was promoted to corporal, but the promotion was later revoked and the colonel who authorized it reprimanded.

Stevens' new letter, dated Feb. 1, asked McCarthy to submit before today "any evidence or information upon which evidence can be developed with reference to any alleged subversive conduct on the part of Belsky." McCarthy could not be reached for comment.

was only because the Democratic candidates generally stood for labor's objectives.

"We are not wedded to the Democratic party," he said.

He said he felt American workers are too independent to accept a labor party—"independent not only of politicians but in their unions, and I hope they will always remain that way."

EMMITSBURG—The C. S. M. C. Mission Bazaar at Saint Joseph's High School will begin at 2 o'clock this afternoon and continue until 4:30 p.m. Refreshments, dolls, fancy articles and religious articles will be sold. There will be various skill games, the fun house and grab bag. All are invited to spend an afternoon of fun in the SJHS auditorium. Fifteen members from the Education Department of St. Joseph College visited St. Joseph's High School today and observed classes in both academic and commercial departments.

St. Joseph's was swamped Tuesday night by the towering hoopers from St. Francis Prep of Spring Grove. St. Francis has a record of 13 wins and one loss, St. Joe's a 9 and 3 history. St. Joe's took the opening tap and scored; this was the only time during the evening they held the lead. The Prep came back hard and at the quarter, aided by the 6'8" center led 20-13.

The second period was likewise dominated by the height of the tall men from Spring Grove. Trailing 46-26 St. Joe's fought to narrow the lead, scoring 22 points in the third quarter following the pattern of the first three and at the final gun the tally stood St. Francis Prep 94, St. Joseph's 58.

High scorer for the evening was Murphy of St. Francis with 29 closely followed by Heating with 28. High for St. Joe's was Miller with 23 followed by Greco with 14.

St. Joseph's J.V. lost earlier in the evening to St. Francis J.V. 25-20 in a spirited contest. Adelberger was high for St. Joe's with 11, Escobar and Ballistrere for St. Francis with 9 each.

St. Joe's meets Emmitsburg High February 10.

Recent visitors at the home of Mr. and Mrs. Louis Rosensteel were Mr. and Mrs. Lawrence Myers, Taneytown.

Hershey Trounces Warriors Cagers 74-34; Local Scrubs Rally To Win Preliminary

Gettysburg High School's basketball losing streak was extended to an even dozen Thursday night as the Warriors were outclassed 74-34 at Hershey in a South Penn League game.

The losing streak is the longest in GHS history according to records available and the current squad has lost more games than any other under Coach George Forney.

Jim Everly, Warrior center, missed the contest due to a foot injury.

Hershey rolled up a 17-6 edge in the first period as Gettysburg was limited to field goals by Ronnie Williams and Rolf Johnson and a pair of fouls by Dick Pennington. Pascal DiMaggio and Len Ferucci led the Trojans' attack by accounting for 14 points.

The second period was a repetition of the first as the locals were outscored 19-10. Gettysburg's points came on a pair of double-deckers each by Pennington and Glenn Weishaar while Merle Gorman scored twice from the charity line.

Bill Kristich led the well-rounded Hershey attack with seven points. At half time the Trojans enjoyed a comfortable 36-16 edge.

Show Improvement
Gettysburg played much better ball in the third period but in the final stanza the Trojans broke loose for 23 points, eight of which were registered by Joe DiBlasio.

Dick Pennington and Gorman were top point-men for the Warriors with eight each. All 10 Trojan participants scored with Lloyd Morgan, Kristich and Ferucci each netting 14.

The Warrior reserves pulled their league mark to 5-4 and season record to 6-8 by drubbing the Trojan scrubs in the preliminary 34-21. It took a strong second half performance to turn the trick after the locals trailed 16-15 at the half. In the last half Hershey was permitted but single goals in each of the periods.

Next Tuesday the Warriors will entertain Mechanicsburg here in a league game.

MENTOR CALLS NITTANY LIONS "WONDERFUL"

STATE COLLEGE, Pa. (AP) — "Wonderful" is the way first-year coach John Egli describes the 1954-55 Penn State basketball team — the highest scoring in school history and today the overtime record holder.

The Nittany Lions have played in three overtime games for the first time in the school's 56-year basketball history. The three overtime games have come in succession, on the road and all were won by Penn State.

Last year, the Lions played only one overtime game. The year before—none. In 1952, they played two and these were on successive nights against Colgate and Syracuse.

Although the current team may not repeat last year's success, the squad showed its caliber early in the season when it scored 110 points against Colgate, the highest total ever scored by a Lion team in the school's history.

Since then they have tallied 106 against Rutgers and 107 against Syracuse.

Loss 2, Win 3
The club started its current road trip by dropping games to Carnegie Tech and Pitt, then came back to take the three overtime contests.

"When we were beaten in those first two road games, I thought we were licked for the season," Egli said. "But these kids found themselves and now it will take a real good team to beat us."

By "found themselves," Egli meant a double overtime 81-75 win against Lehigh, and 84-80 overtime victory over Temple and last Wednesday's 77-69 overtime win against West Virginia.

Last year's Penn State team, an at large entry in the NCAA tourney, went all the way to the semi-finals before losing to La Salle, the eventual winner.

With a record this season of 12 wins in 17 games, Egli says, "This is wonderful, just wonderful."

Leading the scoring for the Nittany Lions is Jesse Arnette, who needs 123 points in the remaining eight games to become the school's first player to reach 2,000 points.

Penn State's next two opponents are Lehigh and West Virginia, both at home.

**Guardsmen Lose
To York Quintet**
The local Howitzer Co. basketballers lost their first league game after eight victories by bowing to the Tank Co. 37-24 at York Thursday evening. The teams are now tied for the league lead.

WILDCATS ROLL OVER FLORIDA WITH FINESSE

By ED WILKS
The Associated Press
Kentucky Coach Adolph Rupp has himself a voice of player confidence today, whether he needs it or not.

The controversy involving Linville Puckett, starting guard on the No. 1 team in the Associated Press college basketball poll, left some loose strings dangling. Particularly since his departure from the squad in a training rules squabble with Rupp—a gentleman who has not had much chance to learn how to lose—followed Georgia Tech's second upset of the Wildcats.

Puckett got off a parting shot about basketball being a matter of life or death on the Lexington campus. That left the question of whether Puckett was the only player out of step with Rupp.

Teams Worked Smoothly
The question was answered last night as Kentucky rolled over Florida 87-63 in what Rupp termed the Wildcats' best effort in a month.

Kentucky worked smoothly and with team finesse. It was 45-35 at the half and the Wildcats—who dropped both games to Georgia Tech at the foul line—hit on 27 of 33 free throw attempts.

Phil
All in all, a very neat job for Kentucky's 13th victory in 15 games.

Florida, incidentally, was fresh from an upset of Alabama, the Southeastern Conference leader. Kentucky is No. 2 in the league.

Furman Knocked Off
In other games, George Washington, No. 7 nationally, knocked off highscoring Furman 76-71 after a scare; fifth-ranked Utah won No. 16 with an 81-49 job on Los Angeles State; and Dayton, No. 15, disposed of Murray (Ky.) State 49-46.

At New York's Madison Square Garden, Cincinnati had trouble but won its seventh straight, 88-78 over Seton Hall, and Manhattan ran its streak to nine, 88-61 over St. John's of Brooklyn.

Two upsets occurred too. John Carroll, 8-12 for the season, knocked off St. Francis (Pa.) 79-70, the team that surprised high-ranked Duquesne earlier and had bopped John Carroll 115-94 a week ago. And Drake surprised Detroit 93-86 despite Guy Sparrow's 33 points that set a Drake field house record.

**College Swimmers
Host To Dickinson**

Gettysburg College's swimming team will engage in its first home meet Saturday afternoon at 3:00 when Dickinson will be met.

Coach Jim Lentz's Bullet squad has divided in two previous meets, defeating Franklin and Marshall while losing to Lehigh.

THE GRACE OF GOD
1 John 4:10; Ephesians 2:1-10;
Titus 2:11-14

Key Verse: In this is love, not that we loved God but that he loved us and sent his Son to be the ex-piation for our sins. 1 John 4:10.

The whole story of Scripture is a testimony to God's love for man. God supplies every basic need of man, including love for He is the source of all true love. The Greek word for "love" is "agape," a word which to the ancient world was both strange and unused. Not until the Christians took the word and poured into it all the warmth and meaning of their regard and feel-ing for Jesus Christ did it create any interest. The key verse is really a definition of God's love which He shows by washing away our sins (expiation).

We think of the passage begin-ning, "For God so loved the world that He gave His only begotten

Son that whosoever believeth in Him should not perish but have everlasting life." This was God's plan — God who is full of grace. It is the power of love in Christ which truly saves a man, but it cannot be accomplished against a person's will. We recognize the way of love and how it enters our lives, but until we have disciplined ourselves, we will not have known or learned the real force and pow-er of love.

It is easy to give excuses why the world has such a lot of prob-lems by saying they were brought about by sinful, unloving men. But such is not the case. Nations like persons often become confused and love the wrong person or the wrong purposes. Since earliest times man-kind has been beset with grievous troubles. That is the reason God sent His Son to redeem the world. When we speak of "grace," we think of it as complete unselfish-

ness. A good definition can be found in Ephesians 2:8, "For by grace you have been saved by faith; and this is not your own doing, it is the gift of God." This is Paul's explanation, showing that God's grace is a gift and not an earned reward. By grace we are saved. Paul had experienced for-giveness on the Damascus road; he felt he never could repay God for His great gift — the opportu-nity to know saving grace. "Where-fore if any man is in Christ, he is a new creature: old things are passed away; behold, they are become new."

The whole process of redemption, which comes through the Father's love and grace, comes to fruition in the salvation of the believer. Christ bore the burden of our sin, but salvation cannot be instantane-ous and is a gradual process or growth. We must certainly bear the consequences of our sins, and if truly penitent, we will accept them as chastisements which work together for our good.

What should be the saved sin-ner's response? Faith is both the state and means by which the saved can sustain and develop the Christian way of life. We re-

spond to God by trusting Him, and in turn, our fellow man. Such re-sponse brings an awakening, a de-sire to discipline ourselves and to lead "sober, upright and godly lives." It cannot be accomplished, however, except through prayer, Christian fellowship, and service.

Professor N. H. Snaith in his book "A Theological Word Book of the Bible" seems to sum up the teaching of this particular lesson in these words: "The less a man knows in his own experience of the saving work of God, the more he emphasizes the human element; the more he knows of the grace of God, the more he speaks of it as being decisive in his own life. Ev-erything from first to last is re-garded as being the work of the Holy Spirit, Whose function is the work of grace in the human heart." (Based on the outlines prepared by the Division of Christian Edu-cation of the National Council of Churches of Christ in the U.S.A. and used by permission.)

Recent sample measurements in-dicated that 9-year-old American boys average 3.8 inches taller and 18.7 pounds heavier than 9-year-old boys were in 1881.

Cook wide noodles and drain; mix butter or margarine, canned minced clams and canned mush-rooms. Heat the clams and mush-rooms together in the liquid from the cans before adding to the but-tered noodles; but be careful not to boil or the clams will be tough.

EVERYONE WELCOME

THE BOOK of HOPE

Alexander Pope has said, "Hope springs eternal in the human breast." And most of us will certainly not dispute his word. Who does not look for a better tomorrow? Who does not expect our troubles and sorrows will be eased next week, next month, or next year? It is human nature, and it is a wonderful attribute.

But mere wishful thinking and idle day-dreaming will do little to make our hopes come true. A passive attitude toward our ambitions will surely find us no better than before. This is true in all walks of life; in work, in play, in day-to-day living.

Along with this hope within us, other God-given gifts must be utilized. Habits of love, generosity, and brother-hood must be developed and our faith strengthened by regular attendance at our spiritual home, the Church.

The Bible . . . the Word of God . . . has been given to us as a pattern, a way of life for all to follow. Here we find the greatest promise ever given—that of eternal life. Through its great truths our hopes and ambitions are brought into proper perspective and we are able to press forward with confidence.

Take advantage of this great gift. Truly it is the Book of Hope!

THE CHURCH FOR ALL . . . ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regu-larly and read your Bible daily.

LEADER PUSHES REORGANIZATION DESPITE G.O.P.

HARRISBURG (AP)—Gov. George M. Leader pushed ahead with government reorganization plans today despite prospects that a Democratic-backed veto-type program likely will be ditched by Senate Republicans.

Rep. Albert S. Readinger, House Democratic leader, said studies are proceeding on ways of squeezing out economies by reshuffling state agencies.

"Government reorganization is not a dead issue by any means," he told a newsman. "The governor is going ahead with a program of bringing about more efficient state operations at less cost."

The Democratic-controlled House approved legislation to permit automatic approval of a reshuffling plan if neither the House nor Senate vetoes it within 30 days after being turned over to the Legislature.

But Sen. G. Graybill Diehm (R-Lancaster) already has indicated that the bill, as it now stands, likely would be pigeonholed in his Senate State Government Committee.

Republicans feel the administration-backed measure is unconstitutional.

Readinger said that in the event

Senate Republicans actually kill the Leader bill then individual reshuffling plans will be introduced in the Legislature as other types of measures are.

"They" would be in bill form; would have to clear committees; would have to be approved in a floor vote in both House and Senate, and be signed by the governor as a regular law.

The procedure, he explained, would be much the same as followed in 1953 when the lawmakers acted on legislation to carry out recommendations of the Chesterman Committee report.

Most of the Chesterman reorganization bills were killed in one chamber or the other.

Injury Stymies GOP

Meanwhile, Sen. Rowland B. Mahany, Senate Republican leader, said legislation to carry out his party's campaign platform pledges may have to be tabled indefinitely because of the hospitalization of Sen. John T. Van Sant (R-Lehigh).

"This throws us off completely," he told a newsman. "It was a terrific blow. We're pretty well stymied."

Van Sant is not expected to be able to vote on the Senate floor for two or three months. His absence means the GOP will be able to muster only 25 votes on any legislation, one less than the 26 needed to pass bills. Democrats have 24 seats.

Mahany declined to discuss the nature of the bills originally planned to meet his party's campaign promises.

SAY RED CHINA IS TRYING BIG BLUFF IN BID FOR SEAT IN U.N.

By ROWLAND EVANS JR.

WASHINGTON (AP)—Sen. H. Alexander Smith (R-NJ) said today Communist China is trying "a great big bluff" in demanding a seat in the United Nations Security Council as a condition for discussing a Formosa cease-fire.

Smith, senior Republican on the Senate Foreign Relations Far Eastern subcommittee, said Premier Chou En-lai's answer was "not final."

"They'll come," Smith said in an interview. "But they want to get some concessions first. So they start off big."

Further Flouting Of U.N.
Press Officer Henry Suydam of the State Department called the Red Chinese answer a "further flouting of the United Nations," but he too indicated further steps can be expected.

"It is for the Security Council, which is constantly striving for peace, to consider this rejection," he said in a statement yesterday, "and we shall be consulting with other members toward a further meeting."

Chairman George (D-Ga.) of the

Senate Foreign Relations committee said "it may be a propaganda bluff," and Sen. Mansfield (D-Mont), a committee member, said, "We must remember that all negotiation is a matter of trading back and forth."

But Sen. Hickenlooper (R-Iowa), another committee member, called the reply an insult. Sen. Bridges (R-NH) said it was "virtual blackmail." Sen. Knowland (R-Calif), the minority leader, said it was "ill tempered."

Let 'Em Stew

Unless the free world is prepared for a Far Eastern Munich, Knowland said, "this is a place to let the Communist Chinese regime stew in its own juice."

Knowland, one of the Senate's most vigorous supporters of Nationalist leader Chiang Kai-shek, was said by close associates to be prepared to fight any possible renewal of the U.N. invitation to the Red China Premier.

But Smith said the Chinese Reds are simply "maneuvering for position."

"The loss of face for the United States would be terrific if we took a cease-fire on their terms," Smith said in an interview. "But in my judgment they really want a cease-fire."

WANTS STATE TO STUDY WORK AT CANCER CLINIC

HARRISBURG (AP)—Sen. John J. Haluska (D-Cambria) made plans today to ask the General Assembly to send a 10-member committee to study operation of the Hoxsey Cancer Clinic at Dallas, Texas.

Haluska said he will present a resolution to that effect next week and at the same time show Senate members what he believes is evidence of the merit of the clinic.

The Cambria senator and former administrator of the Miners Hospital at Spangler, Pa., said he hopes to show senators seven-year old Kathy Allison of South Bend, Ind., who he said was cured at the clinic after hope had been given up for her.

Charges Conspiracy
"I will name specific cases of cures at the Hoxsey Clinic and show that a conspiracy exists against it," Haluska told a newsman.

After that, he said, he will introduce his resolution calling for a \$5,000 appropriation to send five senators and five representatives to Dallas, to see Hoxsey's installation.

Haluska's interest in the clinic stems from his work at the Miners Hospital. He resigned there last August after a controversy with the medical staff.

A branch of the Hoxsey Clinic is to be opened on March 7 at Portage, Cambria County, Haluska said.

Have 212 Applications
He reported that 212 ailing persons already have applied for admittance. Of these 162 are Pennsylvanians.

Haluska said he hopes to have the proposed 10-member Assembly committee on its way to Dallas within two weeks.

He said that apart from a list of cured persons which he possesses he has faith in the Hoxsey Clinic because of a challenge Harry M. Hoxsey once made to demonstrate the benefits of his organization.

Hoxsey invited the American Medical Assn. and other similar groups to send seven pathologists to the clinic to view its work. Haluska said. If Hoxsey failed he would donate \$100,000 to a special charity and close the clinic, Haluska said.

PATRONAGE FIGHT MAY GO UP TO IKE

WASHINGTON (AP)—Pennsylvania's Republican congressional delegation plans to carry "to President Eisenhower himself, if necessary" its fight to obtain more patronage for Pennsylvania.

Rep. Fenton, delegation chairman, said Thursday the group will meet next Tuesday with Miles Horst, state GOP chairman, on the matter.

"Then we plan to go see Leonard Hall (national GOP chairman) and President Eisenhower himself, if necessary," Fenton said.

Think Ike Unaware
He described the delegation as "completely dissatisfied with the failure of the administration to provide federal jobs in Pennsylvania," and added:

"Candidly, I do not believe the President is aware of the situation."

Fenton said the administration has so far "disregarded the delegation's recommendations for federal judgeships in eastern Pennsylvania."

He said the "entire state GOP organization is demoralized and something has to be done."

At a delegation meeting earlier this week, Fenton named Reps. James, McConnell, Van Zandt, Saylor and Bush to work along with him as a patronage committee.

Mrs. Fred Strickhouser, of Biglerville, and Mrs. Donald Heagey, of Gettysburg R. 5, visited Mr. and Mrs. George Marshall and family Wednesday evening.

Training Choice Offered By Navy

The U. S. Navy will guarantee to qualified men who enlist their choice of a field of training. The announcement was made today by Chief Quartermaster Louis W. Knott, recruiter in charge of the Adams-York area.

Knott explained that any high

school graduate who enlists in the navy will be given an examination, and if he makes a qualifying score he may choose to attend a trade school under any of four headings: High School Seaman Recruit, High School Airman Recruit, Electronics Field Seaman Recruit, and High School Hospital or Dental Recruit. All of the Navy's trade schools come under one of these headings.

Mr. Knott emphasized that the recruit is not allowed to choose his school, but only the heading. The specific trade school is assigned by interviewers at the

Bainbridge Naval Training Center, Md., after examination.

For those who want further information, the Gettysburg office of the recruiting center, located in the Post Office Building, is open Tuesdays from 10 o'clock in the morning until 3 o'clock in the afternoon.

60,000 ENLIST IN U.S. FORCES DURING JANUARY

By C. YATES MCDANIEL
WASHINGTON (AP)—The military services got more than 60,000 voluntary enlistments in January, the largest number to join up in any month since the end of the Korean War.

Preliminary enlistment figures made available by the Army, Navy, Air Force and Marine Corps Thursday showed a total of 60,339 against a January 1954 total of 38,392 and a figure of 22,383 for December.

The services attributed this big spurt in enlistment in part to an announcement in December that special GI benefits offered during the war in Korea would end for any man not in uniform by the end of January.

Officers said also that the measures already taken and urged by the administration to attract career military men have had some effect on inducing youths to sign up before they were drafted.

The Army last month enlisted an estimated 25,000 men. This compared with a monthly range in 1954 of from 5,000 to 10,500. The Navy exceeded its January quota of 15,500. Last year its highest monthly enlistment was 12,000 and its lowest 8,600. The Air Force in January enlisted 17,914 against a 1954 average of less than 13,000 each month.

The Marine Corps also exceeded its quota of 1,925, but failed to exceed the monthly average of last year, when the Corps was still increasing its size. The Marine Corps, like the Army and Navy, is now due to drop back in total numbers under President Eisenhower's revised goals.

Asks Permission To Drop Toll Charges

HARRISBURG (AP)—The Hershey Bell and Bell Telephone companies today asked Public Utility Commission authorization to drop a 10-cent toll charge between Hershey and Palmyra, Lebanon County.

The two companies told the commission such a move, effective April 3, would save almost 5,300 subscribers an estimated \$25,000 a year.

The utilities said their request was based on a desire to recognize a "community of interests" between residents of the two communities.

SAYS FIRM IS TO OPEN QUARRY

WAYNESBORO, Pa. (AP)—The Waynesboro Record Herald says it learned from an authoritative source that the Bethlehem Steel Corp. plans to open a limestone quarry in Franklin County.

The newspaper published a story in Wednesday's edition, quoting an unnamed source that tests reveal the limestone from test drillings in the Williamson area to be of the highest quality and that the company will quarry limestone there to be used in its Pennsylvania plants.

The use to which the lands will be put, the newspaper said, has been the subject of vast speculation for the past two years as Atty. George S. Black, Chambersburg, has either purchased outright or obtained options on 1,756 acres in Peters and St. Thomas Twp. for an estimated total cost of \$362,547.

Black has declined to disclose the identity of his client nor has he given any indication of the reason he was authorized to purchase land at prices generally regarded as out of line for farm real estate in south central Franklin County, the newspaper said.

At Bethlehem Thursday, a company spokesman said the company had no plans to open a quarry in the Franklin County area.

Quigley Asks Repeal Of Farm Law Section

WASHINGTON (AP)—A Pennsylvania member of Congress has introduced a bill that would repeal a 1954 farm law section basing eligibility in the soil conservation program upon compliance with acreage allotment programs.

In a statement issued after he presented the bill to Congress yesterday, Rep. Quigley (D-Pa.) said:

"This 'tie-in' provision has virtually killed the soil conservation program. The two programs, acreage allotment and soil conservation, have separate and distinct goals and neither should be dependent upon the other."

SAY LUTHERAN RELIEF WORK IN '54 SET RECORD

ATLANTIC CITY, N. J. (AP)—The National Lutheran Council announced Thursday its branch devoted to worldwide relief work set a new record in 1954 with the shipment overseas of more than 22 million pounds of food, clothing, medicines and other supplies.

Bernard A. Confer, lay secretary of Lutheran World Relief, told of the unit's work in a report prepared for the annual meeting of the council—a group of eight church bodies with 4½ million members.

Confer said record LWR shipments last year totaled 22,047,620 pounds valued at \$8,200,787. That topped the previous record, set in 1953, by 207,362 pounds and \$779,859.

To 13 Countries
The supplies went to refugees and other needy persons in 13 countries.

Late yesterday the council approved continuation of a joint program with the Lutheran Church-Missouri Synod for bringing refugees from Europe to the United States under the Refugee Relief Act of 1953.

The council voted to limit expenditures for that purpose to one million dollars—\$800,000 provided by the council and \$200,000 by the Missouri Synod. The synod must still approve the move, but that was expected to follow as only a formality.

The council represents two-thirds of American Lutheranism, while the Missouri Synod comprises the other third.

U.S. JURY CALLS EX-COMMUNIST

NEW YORK (AP)—A federal grand jury has subpoenaed ex-Communist Harvey Matusow, apparently to explain his repudiation of testimony he gave as a prosecution witness at the trial of 13 second-string Communist leaders on conspiracy charges.

Federal Judge Edward J. Dimmock, who presided at the 1952 trial, Wednesday turned down a request by counsel for the 13 Reds that he kill the grand jury subpoena which called for Matusow's appearance tomorrow.

Instead, the judge set next Monday for Matusow's grand jury appearance. He also asked that briefs be submitted tomorrow on the motion to quash the subpoena.

Last Monday, counsel for the 13 Communists asked for a new trial on the basis of an affidavit by Matusow that he had given false testimony against several of the defendants, all subsequently sentenced to fines and prison terms.

The Communists' counsel sought to have Matusow's grand jury subpoena quashed because of the pending motion for a new trial. Arguments on the motion are to be heard March 10.

STATE TO LOSE \$3 MILLIONS IN TAX REVENUE

HARRISBURG (P)—The commonwealth today faced the loss of about three million dollars in tax revenue every two years after a court ruling which declared a 1951 tax law unconstitutional.

The Dauphin County Court ruled yesterday that the 1951 law, known as the "tax on income," was unconstitutional and designed to close loopholes in the state's five per cent corporate net income tax levy.

ban against restricting interstate commerce.

Judge William H. Neely handed down the opinion on an appeal filed by Eastman Kodak Co., Rochester, N. Y., on a 1951 tax bill.

Appeal Seems Likely

The state Justice Department is likely to appeal the ruling to the state Supreme Court because of the huge tax loss if the law is completely outlawed.

"The incidence of the tax imposed by the act of 1951 is on the defendant's privilege of engaging in interstate commerce and the act is therefore unconstitutional," Neely wrote.

The 1951 law imposes a five per cent levy on net income out-of-state companies earn on their

State Will Study Surplus Food Distribution Program

HARRISBURG (P)—The future of Pennsylvania's surplus food program is due to be decided next week when top state officials meet with a federal representative. Gov. George M. Leader and Mrs. Ruth Grigg Horting, secretary of public assistance, have an appointment Thursday with P. B. Hearn, Washington, of the U. S. Department of Agriculture. Food distributed under the state program is furnished through USDA farm surplus.

"We'll take up the entire program with Mr. Hearn when he comes here," said Mrs. Horting. "We should have a pretty good idea of what will be done with the present plan," said Mrs. Horting.

The state program, initiated a little more than a year ago, is in the process of being transferred from the state Property and Supplies Department to Mrs. Horting's department. One of the final acts of the administration of former Gov. John S. Fine was to order the transfer.

No Change So Far
"There have been no apparent changes in the program so far," said Paul S. Worcester of the property and supplies department who has administered it since it was started.

"There have been a lot of discussions, some legal entanglements have been encountered and everything is in the process of being settled. The decisions rest with the administration."

"Right now we are continuing to operate just as in the past with no material changes," he added.

At the last count some 975,000 persons in 48 counties were being served by the program with butter, cheese, dried milk and shortening.

Worcester said there has been no recent decrease in the supply of food available or any indication of a decrease.

The county commissioners of Allegheny and Westmoreland counties agreed last week, at the suggestion of Gov. Leader, to continue food distribution this month. The present set up makes the food available to counties wishing to participate but the cost of distribution must be paid on the county level.

business within the commonwealth.

In the Eastman Kodak case, the state used a formula based on the fact that, although the company has no plants or other facilities in Pennsylvania, it owns automobiles used by salesmen to solicit business within Pennsylvania.

These autos, the court ruled, are used in interstate commerce and could not be the basis of a property tax such as the 1951 law.
